Detroit District

Public Notice on Detroit District Regulatory Office Reorganization

Date: April 8, 2010

This Public Notice announces a change in the internal organization of the Regulatory Office in the Detroit District. The reorganization will result in the creation of a new branch and renaming of the current branches. The new Regulatory Branch names are below:

New Branch Name	Old Branch Name
Permit Evaluation Eastern Branch	Permit Evaluation Branch B
Permit Evaluation Western Branch	Permit Evaluation Branch A
Compliance & Enforcement Branch	Enforcement Branch
Michiana Branch (new branch)	

We have realigned the office responsibilities to balance workload and improve our customer service. The notable part of this realignment is that the Michiana Branch will handle regulatory responsibilities for the southwestern portion of Michigan. The proximity of their office will provide rapid, easy access to southwest Michigan. The attached maps identify the Field Office areas of responsibility, and the Branch boundaries for evaluation of permit applications. To view these maps in color, please visit our Public Notice website: <http://www.lre.usace.army.mil/functions/rf/html/pncur.htm>. You may also request color copies of the maps to be sent to you via regular mail by telephone at 313.226.2218 or sending the request to one of the addresses below.

This reorganization will take effect May 1, 2010.
